Custom sizes upon request

To keep your carpet in good appearance, it is recommended that it is vacuumed regularly. Areas with light and dark shading after normal walk is normal characteristic of viscose qualities. Due to the natural structure of the yarn, pilling and fiber shedding is normal during the first weeks of use, which reduces after time. Avoid exposure to water and direct sunlight. Cleaning and stain removal from professionals is recommended. As with all hand made rugs actual sizes may vary (\pm 4%)
